

## House Rules

- Absolutely no smoking of any kind inside or within 20' of house. Further outside, please collect and dispose of stubs.
- Absolutely no guns anywhere on property. We do not keep weapons in our home and expect tenants will not bring any in.
- Tenants must wash, dry, fold, and put away any linens they use before leaving property. Make sure to leave time for this on your departure day.
  - If you'd prefer to bring or rent linens so you don't have to worry about doing laundry, we're happy to assist with this. We recommend The Furies (2393 US Route 6, Wellfleet). Reserve sheets (for 3 queen and 3 twin beds), towels, and more at [www.furiescapecodlinenrentals.com](http://www.furiescapecodlinenrentals.com) or by calling (508) 349-1145.
- Do not change wifi network name, settings, or password.
- No pets in the herb garden (there's plenty of other outdoor space).
- Use fireplace carefully and responsibly. Always draw curtains across fire to prevent sparks from flying out. Only make fires when outside temperature is chilly. Do not use central AC to cool the house and then make a fire; this is exceptionally expensive and environmentally unfriendly.
- Do not flush wipes, tissues, paper towels, pads, tampons, Q-tips, contact lenses, etc down toilets. The septic system cannot handle them and the toilets will back up and possibly overflow. Flush toilet paper only!
- Prospective tenants must go over lease with House Manager before booking. This ensures tenants know what to expect and have the best possible experience.
